architectural metalwork

alternative metal products

Maggie's Centre, London

alternative metal products

SAS International's architectural metalwork encompasses a broad range of durable and sustainable aesthetic products, meeting design, performance and integration requirements.

By stretching design boundaries and manufacturing processes we are able to offer innovative value added solutions where designs demand superior performance. Products can also be designed to fit with branding and corporate identities.

Some options are:

- Bins Protection/Casings
- Acoustic Screen/Enclosure areas
- Soffit Linings
- Air Diffusion Units
- Lighting Trays
- Air Displacement Columns and Units
- Extruded Aluminium Products
- Expanded Metalwork
